

RESIDENTS SURVEY TOPS 15%

Thanks to an amazing response to the Midsomer Norton residents' survey the minimum target has been not only reached, it has been exceeded by 50% - with days still to go to the final deadline.

"We always hoped we'd get a 10% response but we've exceeded that and are currently standing at over 15% - that's over 700 questionnaires so far. It would be so fantastic if we could get enough questionnaires to reach a 20% response rate as it would really ensure that we have a wide range of views from the local community", said Jenny Hillman, Chair of the Midsomer Norton Forum.

So if you haven't completed and returned your community survey questionnaire then please take a few moments to have your say as a resident on the future of Midsomer Norton. The deadline for questionnaires is this coming Thursday 31st October – but the collection boxes will be in place until early on Monday 4th November to allow for any late responses.

Anyone who needs help completing the form or requires further information can ring the Town Hall on 01761 418701.
