

Bus Shelter

Midsomer Norton Town Council received several complaints from the community regarding the vandalism of its bus shelter on Station Road in Welton. Three of the panels had been broken and covered in graffiti. The bus shelter is regularly used by residents catching the bus into Bath.

The Town Council contacted B&NES and arranged for the shelter to be cleaned and repaired. The first job was to remove the broken panels to make them safe to avoid any injury. The shelter was then given a good clean and the transformation had begun.

Contractors have now been contacted to replace the missing panels. The panels are made from [polycarbonate](#) a strong, tough material. The repairs will be completed in the coming weeks.

If you would like to report any vandalism of any kind please contact the Town Council on 07161 418701 or e-mail the office at info@midsomernortontowncouncil.co.uk.

The office at the Town Hall is manned every day from 9-5 (4.30 on a Friday)
