

3SC

A volunteer group coordinated by B&NES has gone live today.

Should anyone be in need of assistance to collect food, medicines, or just want someone to talk to, Compassionate Community can now be contacted by phone - 0300 247 0050. Initially the line will be operated from Monday - Friday 9am to 5pm. See this extract from B&NES press release:

"The telephone number is 0300 2470050. Please note the lines will not be open until Monday March 30 and please understand we may experience high call volumes and ask you to bear with us during this time.

The Compassionate Community telephone hub will see teams from partners including Virgin Care, Bath & North East Somerset Council and the NHS come together to work with 3SG, who are coordinating the efforts of third sector groups and volunteers to help people who are most in need with food, mental health, wellbeing and welfare."
